

"Thank you to be able to share this postcard. Beautiful Rwandan design. Handmade, with authentic local materials: glue from manioc flowers and banana leaves on cooked strong paper. The post cards are made with great dedication, finesse and skills. Due to this profession, postcard craftsmen and women are self-supporting and are able to gain a margin for the Diaconesses of Rwanda to support their vulnerable community. To make one card it takes almost one day for one person. This is due to the love the card is made for you!"

Sr. Marie Louise
